

ATTENTION: SICK POLICY

For the safety of our patients, staff & providers, Georgia Dermatology & Skin Cancer Center is closely monitoring COVID-19 in our areas.

In order to continue to provide the highest quality of care while protecting both our patients, as well as our team, we kindly ask if you are experiencing any flu, cold or virus type symptoms, or if you feel you may have been exposed to the virus, that you reschedule your appointment. We ask that you be symptom free for 72 hours before coming to your appointment.

If you do need to reschedule due to illness - please call the office of your scheduled appointment and we will be more than happy to work with you to get you scheduled as soon as you are feeling well.

Thank you in advance for your understanding and helping us keep our patients and team healthy!
